

Wireless Detection

SRC 3000 FMO

Order-No.: SRC 3000 FMO

Wireless module

- Working area in frequency band 433 MHz
- With this module home detectors can be connected to the RCP 6 panel.
- Technical specification:
 - Frequency : 433,42 MHz
 - Alarm current : 37 mA
 - Interfaces : radio link interface to the home detector
 - Operation temperature : -10°C up to +60°C
 - Humidity : max. 80 %
 - Weight : 100g
