

Wireless Detection

SRC 3000 R

Order-No.: SRC 3000 R

Wireless repeater

- 10 sensors each wireless repeater programmable
- Indication of the signal strength while programming
- Transmission of signals (alarm, fault and status) to the panel
- Life signs are sent regularly in order to keep up the control function
- Emergency power supply 1 x Alkaline battery type IEC 6LR61, ca. 8 h
- Wall mounting
- Appropriate for use in dry, heated locations
- Technical specification:
 - Input voltage : 230 V AC
 - Frequency : 433,42 MHz
 - Operation voltage : 12 V AC
 - Emergency power : 1 x 9 V / 8 h
 - Quiescent current : 35 mA
 - Alarm current : 70 mA
 - Storage temperature : -20°C up to +60°C
 - Operation temperature : 0°C up to +60°C
 - Humidity : max. 80 %
 - Protection class : IP 20
 - Colour housing : grey white, RAL 9002
 - Material : grey white, RAL 9002
 - Dimensions (H x W x D) : 158 mm x 95 mm x 45 mm
